Technogym Founder and CEO key comments

"Ten years after our listing on the Stock Exchange, Technogym continues to record double-digit growth. We are proud of the journey that has allowed us to keep the promise made to our investors on May 3, 2016, the first day of Technogym's listing on the Borsa Italiana.

The first quarter of this year marked an important milestone: we were, for the tenth time, Official Suppliers of the Olympic and Paralympic Games.

Innovation and commitment to spreading the culture of wellness have always been at the center of our growth strategy, as demonstrated by the launch of Sand Stone, the completion of tPure Strength and the agreement with Google to enhance our Technogym AI Ecosystem.

On the ESG front, we activated the photovoltaic system capable of producing up to 100% of the Technogym Village's energy needs and the inclusion of Technogym in the Dow Jones Best in Class Index 2026.

Despite market difficulties and rising costs due to ongoing conflicts, Technogym continues to invest across the board to seize the potential of the prevention, sports, and healthy longevity markets."
